Teachers and friends of education, will please bear in mind the fact that the Teachers' Association for North Western Ohio will hold its Fourth Annual Session in this place, on the 24th and 25th inst., being Friday and Saturday of next week.

As will be seen by reference to his card, Howell has taken the Exchange. We have no doubt but he will make a popular landlord.

We acknowledge the receipt of several favors from our contributors, all of which will receive attention as soon as the state of our columns will permit.

The editor of the Napoleon Citizen, late Star, is very much "out of sorts" because we gave him a gentle hint that there was such a thing as disgusting extravagance even in newspaper puff.

Friend Powers, at the Post office, has our thanks for some excellent pencils and pens. He not only keeps a fine assortment of these very essential articles on hand, but he has just received a large assortment of children's toys for the holidays.

Call before the 25th inst., and get a ticket in the drawing of the Art Union. For your \$3 dollars you will get the "Village Blacksmith," which is worth your money, and a ticket in the drawing where you may make your fortune.

Elizabeth Cochran obtained a verdict of \$1,400 against Israel Ross, at the recent Licking county court, for breach of marriage contract. Ross, it seems, courted Elizabeth from the year 1833 to 1837, making her a present of a watch and various other articles, but did not, in words, promise to marry her, and finally turned his attention in another direction and married. This verdict should teach young men not to trifle with the time and affections of young ladies.

The next lecture in the course being delivered in the Baptist church by Rev. L. P. Garrison, on the Signs of the Times, will be presented on next Sabbath evening. Subject—Commercial and Missionary Efforts, illustrated by the recent discoveries in the interior of Africa.

Albert Ford, of Perry township, in a letter containing the pay for vols. 5 and 6 of the Journal, says he took county paper for twenty two successive years before he settled in this county, and now feels that he cannot well do without one. It is a misery to us how many persons can be contented or prosperous without a county paper, yet he informs us that many of his neighbors do not take a paper, and that his is the only copy of the Journal taken in that community.

The Great Republic Monthly.—This new magazine is before us, and presents a very attractive appearance in every respect. It contains 112 pages, well filled with the productions of the best writers of the country.

A Revolution in Medical Science.—Dr. Roback, the illustrious Swedish physician, in substituting two remedies for the entire Materia Medica of the Old School, may be truly said to have revolutionized the practice of Medicine.

The Message.—Our paper will not permit any lengthy review of the President's Message, which we published in an extra last week.

Ladies Home Magazine.—The January number of this magazine has been received. It is edited by T. S. Arthur and Virginia F. Towne.

Their names are: William James, murder in the second degree, imprisonment for life; Martin Moore, stealing leather; Wm. Allen, hog stealing; Lorenzo Treat, horse stealing, each for three years.

A Sermon by Rev. I. P. Garrison of Perryburg, delivered a lecture on John Milton in the Methodist church at this place, on Monday evening last. The attendance, we regret to say was not so large as the lecture merited.
